# *Is this a training series for me?*

**EVERYBODY IS WELCOME!  
SPOTS ARE LIMITED**

Do you want to use your data to make better decisions?

Learn how to share smart forms in your community even if you do not have internet connection.

Do you want to bring all your data together to better serve your community?

Collect data securely and share/collaborate with tribal health, IHS, and other healthcare providers.

Do you want to know how to better gather data to answer questions, generate reports, and show progress?

Use Google Plus codes for addressing, mapping, and data visualization.

Do you want to remove the silos in your data so you can see the bigger picture?

Bring all your data together to better serve your community!

Join Us!  
April 8, 15, 22, & 29

## **What you will need for this training series:**
