

# DON'T WAIT OR HESITATE TO VACCINATE

## WHY GET THE COVID-19 VACCINE

- You protect yourself and those around you from getting the COVID vaccine(1)
- The vaccine doesn't contain any virus (1)
- The vaccines have higher efficacy rates than the: Flu, Chickenpox, and Mumps vaccines to name a few (3)

Previous data on vaccines show all 3 COVID vaccines prove effective and will lessen effects if COVID is contracted post vaccination. (1)

The faster we can return to our new normal (1)

## VACCINATION CARD

- If you cannot find your card (2):
  - Contact your state health department's immunization information system (IIS).
  - If you enrolled in v-safe or VaxText, you can access the card there
  - Take a picture if possible
  - Laminate the card
  - This is NOT a reason to NOT get your 2nd dose

## FULLY VACCINATED

- You will be FULLY vaccinated (2):
  - 2 weeks after 2nd dose of the 2 dose series for the Pfizer and Moderna
  - 2 weeks after the 1 dose series of J&J

**2ND DOSE TIME (2)**

- Pfizer: 3 weeks or 21 days from 1st dose
- Moderna: 4 weeks or 28 days from 1st dose
- J&J: 1 dose only
