

# COVID-19 MYTHS VS. FACTS

**FACT**

- None of the vaccines contain the real virus.
- Vaccines teach our immune systems how to recognize and fight the virus.
- Vaccines can cause COVID-19 like symptoms, but those symptoms are not COVID-19.

**FACT**

- No, the vaccines do not contain any microchips.
- Vaccines provide immunity against COVID-19.
- The vaccine will not make you electromagnetic.

**FACT**

- There is currently no evidence that COVID-19 vaccination causes any problems with pregnancy, including the development of the placenta.
- There is no evidence that female or male fertility problems are a side effect of any vaccine, including COVID-19 vaccines.

- Refer to IHS (Indian Health Services) websites for more information:
  - <https://www.ihs.gov/>
  - <https://www.facebook.com/IndianHealthService>
  - <https://twitter.com/IHSGov>

**Remember we are all in this together and we have to work as a community in order to return to some sort of normalcy!**

## REMEMBER TO CONTINUE

Stay at least 6 feet (about 2 arms' length) from other people.

6 ft

Frequently wash your hands

Getting a COVID-19 vaccine will help keep you from getting COVID-19.

Wear a mask in public spaces
