

Centers for Disease Control
and Prevention (CDC)
Atlanta GA 30333

January 10, 2022

Dear Colleague:

The Centers for Disease Control and Prevention/Agency for Toxic Substances and Disease Registry (CDC/ATSDR) [Tribal Advisory Committee \(TAC\)](#) currently has a delegate vacancy for the Billings area.

The TAC, first established in 2005, serves an important advisory role for CDC and ATSDR, providing input and guidance about policies, guidelines, and programmatic issues affecting the health of Indian tribes and American Indian/Alaska Native people.

Please share the vacancy announcement with your tribal leader partners located in the Billings area to encourage them to nominate elected tribal officials to represent their area on the TAC. Nominated area delegates must be qualified to represent the views of tribes within the area, from an area perspective. CDC/ATSDR is recruiting for these vacancies through February 18, 2022.

Information about the vacant seats, eligibility, selection criteria, and nomination procedures is attached to this message and can be found on the [Tribal Health website](#). If you have questions about the TAC or the nomination process, please contact the Office of Tribal Affairs and Strategic Alliances at TribalSupport@cdc.gov.

Thank you for your ongoing support of the TAC and for your work to promote health in Indian Country.

Sincerely,

A handwritten signature in black ink, appearing to read "José T. Montero", with a horizontal line underneath.

José T. Montero, MD, MHCDS
Designated Federal Official, CDC/ATSDR Tribal Advisory Committee
Director, Center for State, Tribal, Local, and Territorial Support
